EPIC FLETE

Company Profile

WHO WE ARE

Epic Flete is a Pakistan-based OEM and Private Label sportswear manufacturer, creating premium custom team uniforms and sports accessories for brands, clubs, academies, distributors and retailers.

Based in Sialkot — a globally recognized hub for sports manufacturing — we bring together performance fabrics, advanced decoration technologies and skilled craftsmanship to transform ideas into competition-ready products.

From product development and sampling to manufacturing, customization, quality inspection and export packaging, our capabilities are built to give customers greater flexibility, consistency and control.

Ready to step up the game

OUR STORY

Today, Epic Flete is building on that foundation with a simple objective — to become a trusted long-term manufacturing partner for sports brands worldwide.

Epic Flete was built around a simple idea: sports brands deserve a manufacturing partner that understands both performance and identity.

What started with apparel manufacturing has developed into an end-to-end production capability serving teams, clubs and brands across multiple sports.

Today, our focus remains the same — dependable manufacturing, flexible customization and products made to perform.

WHAT DRIVES US.

OUR VALUES

Performance

Products designed around real sporting requirements.

Precision

Attention to construction, fit and finishing.

Partnership

We work as an extension of our customers' brands.

Flexibility

Solutions for different designs, quantities and markets.

Consistency

Quality that remains dependable from sample to bulk production.

OUR VISION

To become a trusted global manufacturing partner for performance sportswear by combining craftsmanship, technology and responsive production.

OUR MISSION

To help sports brands, clubs and organizations transform their ideas into reliable, high-performance apparel through flexible and quality-focused manufacturing.

10K+

PCS / MONTH
SCALABLE MANUFACTURING CAPACITY

GROWING WITH EVERY KIT.

OUR APPROACH

Understand

Your product, market and performance requirements.

Develop

Turn concepts into production-ready designs and samples.

Manufacture

Control every critical stage of production.

Deliver

Consistent products ready for your brand and market.

FROM IDEA TO KIT

ONE PROCESS.
COMPLETE CONTROL.

Every Epic Flete product moves through a structured manufacturing process designed to maintain consistency from the first concept to the finished garment.

OUR APPROACH

01 — Design & Development
Concepts, specifications and artwork preparation.

02 — Pattern Development
Patterns engineered around fit and movement.

03 — Fabric Selection
Materials selected according to sport and performance requirements.

04 — Cutting
Accurate preparation of individual garment components.

05 — Printing / Sublimation
Graphics and colours transferred with precision.

06 — Embroidery & Branding
Logos, badges and brand elements applied.

07 — Stitching
Garments assembled by skilled production teams.

08 — Finishing & QC
Construction, measurements and finishing inspected.

09 — Packing
Products prepared according to customer requirements.

10 — Dispatch
Completed orders prepared for international delivery.

WHERE IDEAS BECOME PRODUCT.

Pattern Development

Fit and construction engineered before production.

Cutting

Accurate material preparation for consistent assembly.

Sublimation & Printing

Detailed graphics and colour-rich custom designs.

Embroidery

Professional application of logos, crests and identities.

Stitching

Experienced operators working across technical garment constructions

Finishing

Final preparation before inspection and packing.

TECHNOLOGY & CRAFT

Technology gives us consistency. Skilled craftsmanship gives every product its finish.

Our manufacturing process combines modern apparel production equipment with experienced operators who understand the details behind performance garments.

From clean cutting lines and accurate prints to reinforced seams and professional finishing, every stage contributes to how the final garment looks, fits and performs.

YOUR BADGE. OUR CRAFT.

OEM & PRIVATE LABEL

From initial concepts to finished teamwear, Epic Flete provides end-to-end OEM manufacturing for sports brands, clubs and organisations. We translate your specifications, artwork and performance requirements into professionally manufactured sportswear—built around your identity.

Custom Product Development

— Develop products around your designs, specifications and intended performance.

Private Branding

— Your logos, labels, colours, trims and packaging become part of the finished product.

Flexible Customisation

— Sublimation, embroidery, printing, fabric selection, sizing and construction options.

Production Control

— Development, cutting, branding, stitching, finishing and inspection managed through one manufacturing workflow.

DESIGNED TO / BE YOURS.

CUSTOMISATION

Every team, club and brand has its own identity. Our customisation capabilities give you the flexibility to shape each garment around your colours, performance requirements and brand standards.

03
Core Control Areas

Colors

Build every kit around your club, team or brand palette

Fabrics

Choose materials based on weight, feel, breathability and performance.

Sublimation

Create bold graphics, patterns and colour combinations without limiting the design.

Embroidery

Add embroidered logos, badges, crests and premium brand details.

Names & Numbers

Personalise garments with individual player names, numbers and positions.

Labels & Tags

Complete the product with your own neck labels, woven labels and hang tags.

Fit & Sizing

Develop sizing and garment specifications around your target market.

Packaging

Extend your brand identity through customised product presentation and packaging.

BUILT RIGHT. CHECKED RIGHT.

Core Control Areas

Quality is built into every stage of production. From fabric and print inspection to stitching, measurements and final presentation, each garment is reviewed against approved specifications before it is cleared for packing.

Our quality process helps ensure consistency across every piece, every size and every order.

GLOBAL PRESENCE

MADE HERE. WORN EVERYWHERE.

From our manufacturing base in Sialkot, Pakistan, Epic Flete develops and produces custom sportswear for brands, clubs and teams serving international markets.

Our OEM and private-label capabilities are built around the needs of global buyers — combining flexible customisation, consistent production and export-ready fulfilment under one manufacturing roof.

Global Buyer Support

Clear communication throughout development and production.

OEM & Private Label

Products developed around each customer's own brand identity.

Multi-Sport Capability

One manufacturing partner across multiple teamwear categories.

Export-Ready Production

Orders prepared, packed and documented for international shipment.

Flexible Development

Support for custom designs, fabrics, colours, sizing and branding requirements.

RESPONSIBLE PRODUCTION. BUILT FOR THE FUTURE.

At Epic Flete, sustainability means making more considered choices throughout the manufacturing process — from material selection and efficient production planning to responsible use of resources and durable product construction.

Our approach is focused on continuous improvement: reducing unnecessary waste, improving production efficiency and developing sportswear designed to perform beyond a single season.
